

**The best of the cinema, the best of the web
— all on one amazing Slim Plasma TV.**

Go beyond the movies, from the comfort of your own living room – with the Samsung PN60E6500. Start with Samsung's web-connected Smart TV, and stream movies, music, connect and share online, and so much more. Then, turn on the immersive 3D thrills with Samsung Active Full HD 3D technology, and enjoy unparalleled 3D picture quality on a gorgeous 60" Plasma screen. Paired with Cinema Smooth™ technology, every detail is crisp and clear, with fast-motion scenes rendered in brilliant color for the utmost viewing experience. Samsung's new Real Black Pro Panel with nano carbon technology delivers the deepest darkest levels, high contrast and boldest hues.

FEATURES

Smart TV: Never miss a moment with Samsung Smart TV. Watch your favorite movies while you browse the web or explore the Smart Hub. Find more content you love by searching for shows, movies, and videos across vudu,[™] Hulu Plus,[™] YouTube[™] and other digital content providers. Movies are handpicked for you through recommendations based on your viewing history and ratings. Access all your apps and download new ones, such as Netflix, Facebook,[®] YouTube,[™] Hulu Plus,[™] and Twitter[™]! Browse the web while you watch movies and TV shows, and enjoy TV while you chat with friends and family online, all on one screen. With Samsung Social TV, you can use Twitter,[™] Facebook[®] and Google Talk[™] to make comments, crack jokes and share all the fun.

Smart Content: With the introduction of the new Smart TV features, you can now enjoy a more fun and entertaining experience at home. The Smart TV offers an entire suite of easy-to-use, innovative features that entertain your family while instilling a healthy lifestyle. The features are designed to make learning fun again or to enjoy precious family moments by sharing photos and videos.

Signature Services

Family Story: Share your most precious family moments with Family Story on your new Samsung Smart TV. Family Story provides a quick way to upload photos to a gallery, even from your mobile device. You can also chat in real time, post messages and share important family events so everyone is kept up to date.

Fitness: Now you can maintain a healthy lifestyle with Samsung Smart TV's Fitness. Exercise at home through the video-on-demand service and manage your workout history. You can also track your progress by downloading the Exercise App onto your mobile device.

Kids Story: Combine home entertainment and education with Samsung's new Smart TV. Through this TV, we can recommend a variety of child-friendly programming so you can watch your child enjoy the pleasures of learning. The fun and exciting games will entertain your child and family for hours.

Apps built for TV: Download a wide range of apps for your Smart TV through the world's first TV app store. Samsung Apps has thousands of world-renowned apps, such as YouTube[™] and Facebook[®], and popular local ones available for downloading. Now you can enjoy your favorite apps from the comfort of your couch.

Web Browser: Easily stream your favorite movies and TV shows, download apps, shop online, browse the web, update your status on Facebook[®] and Twitter[™], and enjoy all of the benefits of full web browsing right on the big screen.

Search All: Quickly search for web content related to the program you're watching or access other features like VOD, apps and social networking services. You can even search USB drives or other external hard drives connected to your TV with ConnectShare[™].

Smart Hub: Samsung Smart TV has retooled its Smart Hub feature to further expand its access to a world of online entertainment. Smart Hub enables multitasking and delivers an optimized viewing experience with single point access to the content that's the most important to you. It also allows you to search through hundreds of apps and use the fully optimized Web Browser for a seamless user experience.

WiFi built-in: With a wireless LAN built right into the TV, it is easier than ever to browse the web right on the big screen.

AllShare[™] Play: Enables your TV to wirelessly access and stream content from any compatible device, like a PC. That means you can share movies, photos and music all through a single device — your TV. Now with the benefits of cloud technology, you can access and even share content when you're away from home.

Full HD 2D or 3D: Enjoy stunning Full HD 1080p in both 2D and 3D modes. With Samsung's 3D HyperReal[™] Engine, easily convert 2D viewing into 3D for an amazing cinematic experience.

Skype[™]-compatible: With built-in WiFi, all you need is a web camera accessory and you can Skype[™] with family and friends right on the big screen! (Camera sold separately.)

ConnectShare[™] Movie: Have movies and pictures on a USB drive? Now easily view that content right on the TV. Just plug the drive into the USB port and you are ready for a big screen experience.

Your Video (movie recommendations): Through a customized recommendation service for video and other content, Your Video allows you to watch and preview movie trailers and TV programs. You can even read a brief synopsis and user ratings before purchasing a movie.

PICTURE QUALITY

Real Black Pro Panel: An advancement within the panel structure of the plasma and a software improvement that depicts blacker blacks, bolder color, higher contrast and exceptional picture quality. This technological improvement provides the most cinematic viewing experience available.

600Hz Subfield Motion: Using the latest in Subfield Motion technology, Samsung Plasma TV flashes a single image up to 600 times a second. The result is smoother images with unprecedented picture quality, no matter how fast the images are moving.

Cinema Smooth[™]: A refined playback process of 24p movies from Blu-Ray[™] and satellite TV sources optimized for a seamlessly smooth viewing experience.

Wide Color Enhancer Plus: Allows you to see picture color the way the director originally intended, brought to life on your screen to bring you exceptionally vibrant, yet natural-looking images and depicts subtle details and tones.

AUDIO

10 watts x 2 channel stereo sound

Dolby[®] Digital Plus/Dolby[®] Pulse: An advanced surround sound audio processing feature designed to optimize the TV's sound quality when viewing and listening to Internet movies, Internet music and other content played back from wired or wireless mobile phones, PCs and tablet devices.

SRS TheaterSound HD[™]: A high-definition audio experience that delivers surround sound multi-channel content, using built-in TV speakers to significantly enhance both the depth and dimension of audio right through the TV for a simulated surround sound experience.

CONNECTIONS

HDMI[®]: 3

HDMI[®] (High-Definition Multimedia Interface) is a convenient, high-quality single cable digital audio/video interface for connecting the TV to a digital cable box, satellite box, DVD/Blu-ray Disc[®] Player, PC computers, PC portable devices, new generation tablets and devices featuring the HDMI[®] output.

AnyNet⁺™ (HDMI-CEC): Samsung's expanded control permits seamless functionality between Samsung branded TVs and Samsung devices such as Blu-ray[™] and HTiB systems.

USB: 2

Universal Serial Bus (USB) is an industry standard for connecting a variety of computer, audio and video devices to the TV. USB movie capability allows the streaming of video from storage devices, cameras, camcorders and USB drives.

Ethernet: 1

Component in: 1

Composite in: 1 AV

Digital audio output: 1 optical

DVI audio in: (3.5mm mini-jack)
